ARTICLE 9 – DATA COLLECTION

The beneficiary acknowledges having been informed that the Insurer processes his personal data in accordance with the applicable personal data protection regulations and that, furthermore:

- the answers to the questions asked are compulsory and in the event of false declarations or omissions, the consequences may be invalidity of enrolment in the contract (Article L 113-8 of the Insurance Code) or the reduction of benefits (Article L 113-9 of the Insurance Code),
- The processing of personal data is necessary for the subscription and application of his contract and guarantees, for management of the business and contractual relationships, or for the execution of legal, regulatory or administrative provisions in effect.
- The data collected and processed shall be retained for the duration necessary for execution of the contract or legal obligation. This data is then archived in accordance with the time limits indicated in the provisions on time limits.
- The recipients of the data concerning him shall, within the limits of their powers, be the services of the Insurer in charge of the establishment, management and performance of the Insurance Contract and the guarantees, its delegates, agents, partners, subcontractors and reinsurers in the course of the exercise of their duties.

They may also be forwarded to professional bodies as well as to any persons involved in the contract such as lawyers, experts, court auxiliaries and ministerial officers, trustees, guardians or investigators.

Information concerning him may also be sent to the Subscriber, as well as to any persons identified as authorized third parties (courts, arbitrators, mediators, ministries concerned, supervisory and regulatory authorities and any public bodies authorized to receive it and to the supervisory services such as statutory auditors, other auditors and internal control services).

- As a financial body, the Insurer is subject to legal obligations arising mainly from the Monetary and Financial Code in the fight against money laundering and the financing of terrorism and, as such, it implements contract monitoring processing that may lead to the drafting of a declaration of suspicion or an asset freeze measure.

Data and documents relating to the Beneficiary shall be retained for a period of five (5) years following termination of the Contract or termination of the relationship.

- His personal data may also be used within the framework of processing for the fight against insurance fraud which may lead, where appropriate, to placement on a list of persons presenting a risk of fraud.

Placement on such a list may result in additional examination of his case, or even a reduction or refusal of the benefit of a proposed right, benefit, contract or service.

In this context, personal data concerning him (or concerning persons who are parties or interested in the contract) may be processed by any authorized person within the entities of the Insurer Group in the context of the fight against fraud. This data may also be intended for the authorized personnel of the bodies directly concerned by fraud (other insurance or intermediary bodies; judicial authorities, mediators, arbitrators, court officials, legal officers; third party organizations authorized by a legal provision and, where appropriate, victims of fraud or their representatives).

In the event of a fraud alert, the data shall be retained for a maximum of six (6) months to qualify the alert and then deleted, unless the alert is relevant. In the event of a relevant alert, the data shall be retained for up to five (5) years following closure of the fraud case, or until the end of the judicial procedure and the applicable time limits.

For persons on a list of suspected fraudsters, the data concerning them shall be deleted after 5 years from the date of placement on that list.

- In its capacity as insurer, it is founded in carrying out the processing of data relative to violations, condemnations and measures of security, either at the time of subscription of the insurance contract, or during the period of execution, or within the framework of handling legal action.

- Personal data may be used by the Insurer within the framework of processing implemented by the insurer, the purpose of which is research and development to improve the quality or relevance of its future insurance or assistance products and service offers.

- Personal data concerning him may be accessible to some of the employees or providers of the Insurer established in countries outside the European Union.

- The beneficiary shall have, in justifying his identity, a right of access, rectification, deletion and opposition concerning the data processed. He also has the right to request to limit the use of his data when it is no longer necessary, or to retrieve the data he has provided in a structured format when it was necessary for the contract or when he consented to the use of this data.

He has a right to define guidelines on the fate of his personal data after his death. These guidelines, general or specific, concern the retention, deletion and disclosure of his data after his death.

These rights may be exercised with the Insurer's Data Protection Representative:

- by email: at DRPO@MUTUAIDE.fr

or

- by postal mail: by writing to the following address: Délégué représentant à la protection des données

– MUTUAIDE ASSISTANCE – 126 rue de la Piazza – 93196 Noisy-le-Grand.

After making a request to the Data Protection Representative and not having obtained satisfaction, he has the possibility of referring the matter to the CNIL (Commission Nationale de l'informatique et des Libertés / National Commission of Informatics and Freedoms).

ARTICLE 10 – SUBROGATION

MUTUAIDE ASSISTANCE is subrogated, for the amount of the indemnities paid and the services provided by it, in the rights and actions of the Beneficiary, against any person responsible for the facts which motivated its intervention. Where the services provided under the agreement are covered in whole or in part with another company or institution, MUTUAIDE ASSISTANCE is subrogated in the rights and actions of the Beneficiary against that company or institution.

In application of article L 114-1 of the Insurance Code, any action resulting from this contract is time-barred two years after the event giving rise to it. This period is extended to ten years for death guarantees, with the actions of beneficiaries being time-barred, at the latest, thirty years after this event.

However, this period only starts:

- in the event of reluctance, omission, false or inaccurate statement of the risk incurred, from the day that the Insurer became aware of it;
- in the event of a claim, from the day that the concerned parties became aware of it, if they prove that they were unaware of it until then.

Where the action of the Insured against the Insurer is the cause of the recourse of a third party, this time limit shall run from the day that this third-party brought legal action against the Insured or was compensated by the Insured.

This time limit may be interrupted, in accordance with Article L 114-2 of the Insurance Code, by one of the following common causes of interruption:

- Recognition by the debtor of the right of the party against whom the time limit was reached (article 2240 of the Civil Code);
- a lawsuit, even in summary proceedings, until the end of the procedure. The same applies when it is brought before an incompetent court or when the act of referral to the court is cancelled by the effect of a procedural defect (Articles 2241 and 2242 of the Civil Code). The interruption is void if the petitioner withdraws his request or allows the procedure to expire, or if his request is definitively rejected (Article 2243 of the Civil Code);
- a precautionary measure taken under the Code of Civil Enforcement Procedures or an act of forced execution (Article 2244 of the Civil Code).

It is recalled that:

Notification made to one of the joint debtors regarding legal action or an act of forced execution, or recognition by the debtor of the right of the party against whom the time limit had expired interrupts the time limit against all the others, even against their heirs.

However, notification made to one of the heirs of a joint debtor or the recognition of this heir does not interrupt the time limit with regard to the other joint heirs, even in the event of a mortgage claim, if the obligation is divisible. This notification or recognition only interrupts the time limit with regard to the other co-debtors, for the part owed by this heir.

To interrupt the time limit period for the whole debt, with regard to the other co-debtors, it is necessary to notify all the heirs of the deceased debtor or to recognize of all these heirs (article 2245 of the Civil Code).

Notification made to the principal debtor or his recognition interrupts the time limit against the guarantor (article 2246 of the Civil Code).

The time limit can also be interrupted by:

- the designation of an adjuster following a claim;
- sending a registered letter with acknowledgment of receipt (sent by the Insurer to the Insured regarding the action for payment of the contribution, and sent by the Insured to the Insurer regarding settlement of the claim).

ARTICLE 12 – DISPUTE SETTLEMENT

Any dispute between the Insurer and the Beneficiary concerning determination and payment of benefits shall be submitted, by one of the parties, in the absence of amicable resolution, to the competent court at the domicile of the beneficiary, in accordance with the provisions of article R 114-1 of the Insurance Code.

When they change the subject of the risk or diminish our opinion of it:

- **Any reticence or intentionally false statement on your part will void the contract. We will retain any premiums paid and we will be entitled to demand payment of the premiums due, as provided for in article L 113.8 of the Insurance Code.**
- **Any omission or inaccurate declaration on your part for which bad faith is not established results the termination of the contract 10 days after the notification which will be sent to you by registered letter and/or the application of the reduction in indemnities of the Insurance Code, as indicated in article L 113.9.**

The regulatory authority responsible for overseeing MUTUAIDE ASSISTANCE is the Autorité de Contrôle Prudentiel et de Résolution (ACPR) – 4, place de Budapest – CS 92 459 – 75 436 Paris Cedex 9.
